NOTA DE CATA

Picota cherry colour, fresh and fruity on the nose, with hints of florals, menthol and barrel notes (cocoa, liquorice). On the palate it is light but powerful and long with a sweet touch and a friendly acidity. This wine combines the know-how of winemakers Susana Ruberte and Ana Salvador with the fine commercial style provided by the experience of the La General de Vinos team.

BODEGA

La General de Vinos and Bodegas Ruberte make this Grenache wine from their own vineyards in Magallon. Vineyards over 20 years old with low yields. In the winery, the vinification is taken care of from the beginning, following the tradition of the Ruberte family: table selection, light pressing, very controlled fermentations and ageing with medium toasted French oak and barrels from the third year onwards with little contribution of nuances.
