BODEGA

The winery is located in Calatayud, in the middle of the Jiloca valley. Equipped with the latest technologies in oenology, it has a large production and ageing area. Temperature control in fermentation, pneumatic presses, new French and American oak barrels and a modern bottling line. These investments continue year after year to achieve higher levels of development and quality. The climate of the D.O. Calatayud is characterised by its continental aspect with cold winters and hot summers. The average annual temperature is 13.1°C, with great differences between night and day during the ripening season, with an average rainfall of 300 to 550 mm. The vineyards, spread over the best areas of the appellation, are mostly more than 30 years old.
