TASTING NOTES

This wine has a crystalline appearance and a very pale pink colour with noticeable bubbles. The nose is very fresh and intense, with a clear presence of carbon dioxide and fruit, with hints of strawberry.

There are also hints of raspberry, candy and fresh red fruits. It has a refreshing entry and a palate that is accompanied by a remarkable fruity sensation reminiscent of the nasal phase. The finish is very long and elegant, with great persistence of the fruity nuances and a persistent sensation of freshness.
