 Natural wine

 Garnacha

 Organic

Bodem Bodegas is a sustainable and disruptive winery located in the heart of the Sierra de Algairén, cradle and origin of the Garnacha grape. Bodem is committed to the quality of its vegan wines, the zero environmental impact and innovation in production techniques.

What makes Chloss Terroir a good wine?

A natural wine made with grapes from organic farming, harvested by hand. Vineyard planted on a vertical axis. No added sulphites. Pure and authentic. All winemaking processes are natural, allowing the grape variety to express itself with minimal oenological intervention.

Winemaker's notes

Young red wine made from Grenache, with a soft, bright and lively colour. Very fresh red fruit stands out, especially strawberries, to which aromatic herbs are added. Very pleasant on the palate, easy to drink.

Service

Ideal to combine with pasta and rice, white meats and soft cheeses.
10-12°C
